## OBJECTIVES

A self-disciplined and fast-learning student seeking a front-end development internship for May 2025. This opportunity will be an important step in transitioning from coding to programming, allowing me to contribute my problem-solving skills and creativity to the success of the team.

## EDUCATION

### DEC in Computer Science Technology - Programming

Montreal, QC

LaSalle College

Jan 2023 - May 2025

## PROJECTS

### PORTFOLIO - PERSONAL WEBSITE

TypeScript, Vite, Ant Design

Sep 2024

- Developed a responsive website using component-based architecture for scalable and reusable code, ensuring efficient future updates.
- Integrated Ant Design and Parallax.js, enhancing user experience. Deployed on GitHub Pages with Vite's build command, optimizing static assets for faster load times.

### FAST FOOD DELIVERY WEB APPLICATION

React, React Bootstrap, SQL Server, C#

Jun - Jul 2024

- Designed and developed 6+ front-end components from scratch for user and account management using React.
- Implemented API integration to fetch and display dynamic data for orders, feedback, and account details.
- Collaborated with 3 teammates to plan the project and manage expectations, ensuring clear communication and effective project management.

### KIDS' LEARNING WEB APPLICATION

PHP, MySQL, CSS

Mar - Apr 2024

- Implemented 10+ front-end components and used AJAX for validation in user authentication processes, ensuring an informative experience for the user during interactions.
- Developed a structured program architecture to maintain clear separation of concerns and enhance code maintainability.

## LANGUAGES

- **French:** Intermediate
- **English:** Fluent

## TECHNICAL SKILLS

- Languages: **Java, C#, JavaScript, PHP**
- Web Development: **HTML, CSS, React, React Bootstrap, Vite, ASP.NET Framework**
- Technologies: **Swagger UI, Git, SQL Server, SQL Developer, MySQL, SQLite, WordPress, WAMP Server**
- Concepts: **Web Applications, Front-end Development, Database Management, Data Structures & Algorithms**
- Design Tool: **Figma**
